

Mapping Urban Intelligence.

Par Jacques Lévy. Le 17 May 2014

The texts of this Traversal are position papers. They have been written in the prospect of a conference that will take place in July 2014, organised at Laval University, Quebec, by the *Eidolon* cartographic research network. The title of the conference will be *Mapping Urban Intelligence*. The principle of these pre-communications is to prompt a debate in the most open and informal way. Readers are invited to react...
